We are now calling for nominations for:

The work of the Committee is mainly conducted by e-mail and teleconferencing. Additionally, the Committee usually meets once or two times per year.

Below are the Terms of Reference of the C-ENDO:

- To facilitate collaboration and knowledge exchange among European specialists in endocrine laboratory medicine.
- To provide expert input for guideline development, standardization, and educational initiatives in partnership with the European Society of Endocrinology (ESE) and the European Society for Paediatric Endocrinology (ESPE).
- To address key challenges such as pre-analytical optimization, reference intervals, and harmonization of hormone assays.
- To initiate and support research, publications, and European projects to advance the field of endocrine laboratory medicine.
